---

### **OBJECTIVE**

An Associate Veterinary position in a busy, mixed animal practice that will utilize my skills in orthopedic surgery, chemotherapy, client relations, and developing relationships within the community, such as the humane society, that foster improved pet care and preventative medicine.

### **EDUCATION**

May 1994                      **Doctor of Veterinary Medicine (DVM)**, College of Veterinary Medicine  
Washington State University, Pullman, WA

Licenses Held: Idaho, Washington, Montana

May 1990                      **Bachelor of Science**, Animal Science  
Washington State University, Pullman, WA

### **VETERINARY EXPERINEECE**

**Private Practice Veterinarian**, Multi-Doctor Practice                      8/2000 - present  
*Vet Haven Clinic and Hospital, Mixed Animal Practice*                      Moscow, ID

- Developed and implemented chemotherapy protocol and treatment plan for total of 14 cancer patients (3 felines, 11 canines).
- Primary orthopedic surgeon for Whitman County Humane Society Hope Fund which led to adoption of the 15 dogs aided by the Hope Fund.
- Implemented external skeletal fixation devices for fracture repair of 25 canines and felines during the past three years.
- Improved clinic exposure through development and marketing of clinic web site and advertising at local theaters.
- Increased personal production by 7%, which contributed to an overall increase in clinic production of 11% in a mixed animal multi-doctor practice.
- Excellent interpersonal and client relation skills demonstrated through retention and increase of client base.

**Private Practice Veterinarian**, Sole Practitioner                      12/1995 – 8/2000  
*Central Pet Clinic, Small Animal Practice*                      Missoula, MT

- Established and maintained strong and progressively increasing client base over a five year period.
- Excellent interpersonal and client relation skills.
- Facilitated self-reliance and proficiency in diagnostics, surgery and medical management strengthened from being a sole practitioner.
- Worked exclusively with humane society for spay/neuters and medical and surgical decisions impacting adoptability of animals.

**Private Practice Veterinarian, Multi-Doctor Practice**

5/1994 – 11/1995

*Weiser Veterinary Clinic, Mixed Animal Practice*

Weiser, ID

- Developed and maintained a computerized system for keeping tracking production of six veterinarians in a \$950,000/year practice.
- Developed proficiency in management decisions for cow/calf operations.
- Developed proficiency in equine lameness, reproductive management, and general equine medicine.
- Excellent interpersonal and client relation skills demonstrated through retention and increase of client base.

**PROFESSIONAL DEVELOPMENT**

- **Member**, American Veterinary Medical Association (AVMA), 1994-present
- Completed Level One of three of Hills Veterinary Advocate Program
- Wild West Veterinary Conference, Reno, NV, 2002
- Western States Veterinary Conference, Las Vegas, NV, 2000
