

Officer Meeting for Neuroscience club,

The meeting was started at 5 pm on the 20th of August.

The first item of business was to register the club with the RSO. The club should be registered now if the last person has signed up already. We also needed to decide where our money would go if we were not an active club anymore. We decided to let our money go to the development fund for scholarships in case this happened. There was also discussion of training classes for the club officers. Lo and Alan are the two that have to go and it is optional for the rest of the officers, but it is highly recommended that the other officers go as well.

Next item was the Ice Cream Social that was happening on Friday the 22nd of August. We discussed what the officer's involvement was to be for this such as scooping ice cream and being in charge of the raffle and announcing at the event.

From there we talked about the upcoming meetings. We have decided to have two a month on Mondays. The first meeting will be Monday the 8th of September at 5:30pm and will be a business meeting discussing dues, fundraising opportunities and a current event that Alan will be presenting. The next meeting will be on Monday the 22nd of September at 5:30 and we will be having a speaker. Most likely the speaker will be Abbie DeMeerleer. The next meetings will be the 6th and 20th of October and will be at 5:30 in the evening. The meeting on the 6th will be another business meeting and another current event will be presented. The one on the 20th will be a speaker which might be Dr. Rector's presentation for teaching the club how to teach the students for the outreach that we do. From then on there will be meetings every other week on Mondays at 5:30.

For fundraising opportunities we have decided to keep the same design for the t-shirts and sell those again. We want to sell Krispy Kremes and possibly do concessions for either football or basketball games. Another fundraiser that we will for sure be doing is the renting of dissection kits to the Neuro 430 class. We will be renting them out in the spring for \$25.

On Saturday the 14th at 4:00pm in Rainey Park we will be having a cook out for the club. We will be doing hamburgers and hotdogs as well as veggie burgers. There will be more on this later. This was the last thing that was discussed and the meeting ended at 6pm.

Respectfully Submitted by,
Cami Jones
Secretary
