

Meeting started at 6:00pm 04/26/07
Meeting ended at 7:00pm 04/26/07

New Officers:

President: Steve Houmes
Vice President: Alan Emanuel
Communications Officer: Cami Jones
Treasurer: Allyssa Henderson
Historian: Kate Frawley and Tommy Spivey

What was "voted" on:

It was "voted" to implement a new officer position which was the historian.

Ideas for next year:

Have officers meetings more often to discuss issues within the club
Possibly implement icebreakers at some of the meetings
The order of when speakers present next year could change
Outreaches might be done once a month next year

Decisions made:

It was decided that the two separate vice president positions would be combined, so this should be changed in our bi-laws, also we decided to add a position to the officers; the historian so this should also be added to the bi-laws with a description of their duties. Maybe something to the effect of, the historians duties are to design the Neuroscience Club display and maintaining an up-to-date album of photos taken at activities. So instead of the Communications Officer doing that the Historian is now responsible for these duties.

Sincerely,
Cami Jones
