Association News

Annual Meeting

The 43rd annual meeting will be held at Oregon State University in Corvallis, Oregon, on March 27 and 28, 1970. Current and recent members of the Association, as well as most of the relevant institutions and organizations in the region, should have now received forms for submitting information on papers proposed for presentation at the meeting. If a form is not readily available, individuals may simply send the following information to the appropriate Section Chairman (listed below): title of paper, brief summary, requested time for presentation, visual aid equipment needs, author's name and mailing address, organizational affiliation, and whether or not he is a student. *This must be sent to the Section Chairman by December 12, 1969.*

Attention is again called to the incentives to students to present papers: The Association grants free registration, a free banquet ticket, and a year's membership (including a subscription to *Northwest Science*) to those students whose papers are accepted for presentation.

Those giving papers are encouraged to submit an abstract (not more than 100 words, preferably) for publication in the February issue of *Northwest Science*. Send to the Editor, Joseph W. Mills, Geology Dept., Washington State University, Pullman, Wash. 99163. *December 20, 1969, is the deadline date for this.*

Research Grants

Applications are being accepted for research grants by the Association, generally to cover such items as laboratory supplies and services, computer time, and field costs. Send requests for guidelines for submitting applications to the chairman of the Research Grants Committee, Harry H. Caldwell, Dept. of Geology and Geography, University of Idaho, Moscow, Idaho 83843. The grants will be awarded in March, 1970.
